# META200 DESIGN

## ACCESSORY / COP – New Type SMART COP

### 10° Tilted screen

The 10° tilted screen limits reflections, so it's easier to read.

### Welcome light

When the doors are opening or closing, a blue welcome light blinks to alert the user.

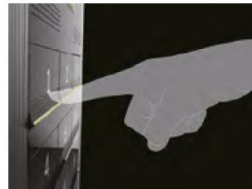

CPI

### Two color buttons

The backlit keys turn blue when the destination is selected.

### Push type keyboard

Easy to use 10 digit push type keyboard.

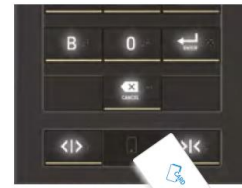

### Security

The embedded security camera with a 180° view of the cabin is accessible only to the building manager.

### Handwriting

Use your fingers to write your destination directly on the touch screen.

### RFID card reader

Use an RFID card or the contact-less feature to directly access your floor.
